Jones, his attorney, asked that the case be continued until today.

EASTER GERMAN.

The Alexandria German Club will give its Easter dance at McBurney's Hall on Friday evening, April 1st. This will be the last of the series of germana for the season of 1909-1910, and arrangements have been completed to make it an exceptionally brilliant affair.

The ladies have formulated their plans for the annual dance which is their custom to tender the members of the Alexandria German Club and it is determined to have it on April 8th if possible. It is said that the function will be "a fancy masked ball."

DIED FROM HIS INJURIES.

Mr. John William Larmard, 26 years old, only son of Mr. Francis Larmard, engineer on the Southern Railway, died yesterday afternoon at the Alexandria Hospital. The deceased, who had been employed as a fireman, was accidentally struck on the abdomen by an iron bar few days ago while assisting in the repairing of a locomotive. Mr. Larmard was unmarried.

TEACHERS' ASSOCIATION.

The Gazette's report of the proceedings of the Teachers' Association of the Eighth Congressional district closed yesterday with the conclusion of the morning session.

At the afternoon session, Mr. W. T. Hodges, of Arlington, made an address on "How to Teach Reading." He was followed by Mrs. M. S. McFall, of the Manassas School, who spoke on "Supervision of Rural Schools." "School Fairs" was then discussed by Mr. J. L. Thomas, state supervisor of rural schools, and Mr. J. H. Rollins, of Mt. Vernon School, closed the session with an address on "How and What History to Teach in the Grades." All of them were instructive addresses and were greatly enjoyed.

At the night session the meeting was called to order by State Examiner Ohas. G. Maples.

Mr. James R. Oston was then introduced and he gave a very interesting history of the advancement of public education throughout the state. While he considered the improvement of the public school up to this time marvelous, he believed the system to be almost in its infancy. He showed the great improvement the schools had made under the present state superintendent, and how the people were demanding of their representatives that more money should be appropriated in the interest of schools. He explained the action of the legislature while he was a member of that body.

A soprano solo by Mrs. Pickett was much enjoyed by a large and appreciative audience.

Dr. Lee F. Hamner, of the Russell Sage Foundation, New York, was then introduced amid much applause. His subject was "The Playground and Hygiene." He handled his subject in a masterly manner.

He gave a brief history of the playground; its beginning and its steady advancement. He showed the great advantages to the health of the child, and how it has assisted the health department in stamping out contagious diseases, especially tuberculosis. He then explained how a regular organized system of play assists in instilling high and noble ideas in the minds of our boys and girls. His lecture was illustrated by the many pictures of playgrounds throughout the United States and foreign countries.

The audience was well pleased with Dr. Hamner's lecture, as it was undoubtedly one of the most practical as well as the most interesting ever heard on the subject in this city.

Little Miss Caroline West delighted the audience with one of her beautiful recitations.

The meeting closed with a duet by the Meses Vierkoro, which was sung in their usual splendid style.

After the meeting the visiting teachers were conducted to the Lee Camp Hall, where they were tendered a reception by the Alexandria Teachers' Association.

The following visiting superintendents were in attendance: M. D. Hall, Fairfax county; Geo. S. Tyler, Prince William; A. L. Smith, Fauquier; J. M. Beckham, Culpeper; W. E. Hodges, Alexandria county, and James G. Johnson, Charlottesville. Other distinguished guests: Examiner Ohas. G. Maples, Dr. L. M. Hamner, New York, Prof. Cliff Stone, of Normal College, Farmville.

At 9:30 o'clock this morning Miss Fishpugh, of Culpeper, was introduced and she read a very interesting paper on the "Study of History."

This subject was then taken up by Miss Myrtle A. Kiskoon, who read a splendid paper on the same subject.

Dr. Cliff F. Stone, professor of mathematics at the Farmville Normal School, then delivered the address of the morning.

The doctor started by telling a few amusing anecdotes, but quickly warmed up to his subject and delivered a masterly address on the "Socialization of school work."

Dr. Stone is a finished orator as well as a school man of great ability.

At 10 a. m. Messrs. A. D. Brockett and Robert S. Jones notified the superintendent of the Alexandria schools that the business men of the Alexandria desired to tender to all the teachers of the conference a free excursion to Mount Vernon, including the admission to the grounds, and that the train would be at the corner of Washington and King streets at 12:30 p. m. The invitation was promptly accepted.

Interesting addresses were then delivered as follows:

Nature study for the rural school, by Miss Margaret King, State Normal School, Harrisonburg, Va., and Miss A. Sillia Taylor, Manassas High School, Manassas, Va., and domestic science by Miss Lula D. Metz, Manassas, Va.

The following resolutions were then adopted:

We, the members of the Eighth Congressional District Teachers' Association, assembled at Alexandria, Va., March 24, 25 and 26, 1910 desire to express our appreciation of the courtesies shown us by the people of Alexandria.

Therefore, be it unanimously resolved, That we extend our thanks to Superintendent W. H. Sweeney, his principals and teachers, the City School Board, the Chamber of Commerce, the reception committee of the Local Teachers' Association, the management of the Young People's Building and the citizens of Alexandria, for the many things they have done to make our stay in this hospitable city both pleasant and profitable, and, also to A. D. Brockett and E. S. Jones, respected business men, for the fine excursion to Mount Vernon.

Be it further resolved, That these resolutions be recorded in the minutes of our proceeding, and that copies be furnished Superintendent Sweeney and published in the local papers.

J. G. JOHNSON
J. H. ROLLINS,
Committee.

The meeting then adjourned at 12:30 o'clock and the members of the association boarded a special train and started for Mount Vernon. On their return they visited the several points of interest in this city and later many of the members of the association left for their homes.

A number of Alexandrians now residing out of the city are at home to spend the Easter holidays.

EASTER.

The observance of Good Friday was general in many of the churches yesterday by solemn services in the morning, afternoon and night, when the death of Christ on the cross for the salvation of fallen mankind was commemorated.

Today is holy Saturday, the eve of the joyful feast of Easter. In the Catholic and Episcopal churches the day is spent largely in preparing for the Easter communion. In the Catholic churches the morning's ceremony ended with a high mass, and while the Gloria was being sung the bells, which had been silent since Thursday, were rung again and the organ pealed forth its joyous notes.

Tomorrow will be Easter, commemorating the resurrection of Christ and joyful services will be held in all the churches in the city. The musical programme heretofore published will be rendered and in many of the churches the children will hold their Easter celebrations.
